## SPEAKERS

### **MALCOLM BOWERS – Director, Lifterz Ltd**

Malcolm entered the Access Industry in September 1970 working for Access Equipment Ltd (Zip-UP Hire Division). Formed Access Rental Ltd with colleagues in 1978 and sold in 1991 to fully listed Roskel Group PLC, forming a 10 depot network, who then sold on to Nationwide Access Platforms in 1992.

### **RAY COOKE – Principle Inspector Construction Sector Safety Unit, HSE**

Ray is a principle inspector with HSE and is head of the construction sector safety team. He joined HSE in 1985 and has inspected many different industries including specialising in docks, shipbuilding and ship repair, woodworking, plastics, food, health services and fairgrounds.

### **GILES COUNCELL – Director of Operations, IPAF**

Giles is directly responsible for the management, administration and implementation of IPAF's training programmes. He is a certified IPAF instructor for mobile elevating work platforms (MEWPs) and a British Standards Institute (BSI) accredited ISO 9001 lead auditor.

### **JO FAUTLEY – Deputy CEO, Build UK**

Jo is responsible for the day-to-day management of Build UK and oversees the successful delivery of high-profile projects that are transforming the industry. During 12 years with the National Specialist Contractors' Council, Jo campaigned on behalf of the specialist sector and is now a driving force within Build UK.

### **ANGEL IBANEZ – Global Representative for MCWP & Related Products, IPAF**

Angel is the Global Representative for MCWPs and Related Products in IPAF, where he is in charge of developing IPAF's membership services offer and training programmes for MCWPs and related products (materials hoists, transport platforms and passengers hoists).

### **PAUL LINDUP – Project Manager, Route Services, Infrastructure Construction and Engineering – Air Operations, Network Rail**

Paul from Network Rail's Air Operations Team is going to present on the benefits of the use of Drones and MEWPs. He will be attending to answer questions around the technology being utilised by Network Rail that is keeping people informed of live rail situations. There will be Drones on display for you to see and interact with. Come along and bring plenty of questions.

### **MARK NOONAN - Industry Relations Director, CITB**

Mark has been with CITB since January 2017 and leads on engagement with industry and federations. He joins from the property and contracting business Simons Group where he was Customer Development and Relationship Director.

### **NIGEL TAYLOR – European Director, Serious Labs**

Nigel, who's based in London, England has responsibility for building Serious Labs' sales and operations across Europe and the Middle East. Nigel's early career was in asset finance and vehicle leasing, culminating in him being Managing Director of ARVAL's (BNP Paribas) commercial vehicle division.

### **JAN-WILLEM VAN WIER – Sr. Product Manager, JLG EMEA BV**

Jan-Willem started his career with Philips Electronics as regional account manager after which he became regional marketing manager for Philips Audio and later TV in the Benelux. With a couple of years of local B2C marketing experience he took a position as Global product marketing manager for TV at the Amsterdam Philips headquarters. In 2013 he and his family were asked to move to Singapore within this position. Returning to the Netherlands he decided it was time for an industry change and started with JLG as Sr. Product Marketing Manager EMEA for all access equipment which is where he has been since.
